COURSE OVERVIEW

The Certificate in Leadership and Management is designed for aspiring leaders, supervisors, managers and professionals looking to strengthen their leadership capabilities and workplace management skills. The course provides practical knowledge on effective communication, team leadership, productivity, motivation, decision-making and workplace problem-solving. Learners will develop a better understanding of leadership styles, managing teams effectively, building professional relationships, handling workplace challenges and improving personal productivity. The course also explores emotional intelligence, conflict management, resilience, wellbeing and coaching techniques that support successful leadership in modern working environments.

WHAT YOU WILL LEARN

- Understanding leadership and management principles
- Developing effective communication skills
- Active listening and emotional intelligence
- Providing constructive feedback to teams
- Time management and workplace productivity
- Setting priorities and SMART objectives
- Building and leading effective teams
- Motivating and developing employees
- Coaching, mentoring and conflict management
- Managing workplace change and resilience
- Problem-solving and decision-making skills
- Developing confidence, influence and leadership presence

ENTRY REQUIREMENTS

- No formal qualifications are required.
- Suitable for aspiring and existing managers or supervisors.
- Basic English reading and communication skills recommended.
- Suitable for professionals across all industries and sectors.
- Ideal for leadership development and workplace progression.

CAREER AND PROGRESSION

Leadership and management skills are highly valued across all industries and play a major role in career progression and organisational success. Completing this course helps learners improve confidence, communication and leadership capability in professional environments. This training supports career development into supervisory, management, operations, project coordination, team leadership and business management roles. It is also valuable for professionals responsible for leading teams, managing performance or supporting organisational growth. Organisations also use leadership and management training to strengthen workforce capability, improve team performance and support future leadership development.

ASSESSMENT & ACCREDITATION

The course is assessed through online knowledge checks and a final assessment completed at the end of the training. Learners must successfully complete the assessment to receive their CPD certificate, accredited by UK Versity and The CPD Certification Service. The assessment evaluates understanding of leadership principles, communication techniques, team management, workplace problem-solving and effective management practices. On successful completion you receive a certificate you can verify at staffcpd.com/verify-your-certificate.
