COURSE OVERVIEW

Health and Safety Training for Employees is an essential CPD course designed to help staff understand workplace health and safety responsibilities, identify hazards, reduce risks and contribute to a safer working environment. The course gives learners practical knowledge they can apply immediately in day-to-day work across a wide range of industries and workplace settings. Learners will gain an understanding of common workplace hazards, accident prevention, reporting procedures, safe equipment use, fire safety, manual handling, emergency procedures and workplace wellbeing. The training also covers legal responsibilities for both employees and employers under workplace health and safety regulations.

WHAT YOU WILL LEARN

- Understanding workplace health and safety responsibilities
- Identifying hazards, risks, near misses and unsafe practices
- Preventing slips, trips, falls and workplace accidents
- Safe use of electrical equipment and workplace machinery
- Understanding risk assessments and control measures
- Correct use of PPE and workplace safety procedures
- Maintaining safe housekeeping and clean working environments
- Manual handling and safe lifting techniques
- Working safely at height and around workplace equipment
- Fire safety awareness and emergency evacuation procedures
- Safe handling of hazardous substances
- Understanding workplace wellbeing, stress and conflict management
- Reporting accidents, incidents and health and safety concerns

ENTRY REQUIREMENTS

- No formal qualifications are required.
- Suitable for employees across all industries and sectors.
- Basic English reading and comprehension skills recommended.
- Suitable for both new and existing staff members.
- Ideal for workplace induction and refresher training.

CAREER AND PROGRESSION

Health and safety awareness is an essential requirement across nearly every industry and workplace environment. Completing this course helps employees improve workplace safety knowledge, reduce risks and contribute to safer working practices within their organisation. This training is valuable for employees working in offices, retail, hospitality, healthcare, warehousing, manufacturing, education, customer service, facilities management and other operational environments. It can also support progression into supervisory responsibilities where workplace safety awareness is essential. The course also provides a strong foundation for learners who wish to progress into advanced health and safety qualifications or specialist workplace compliance training.

ASSESSMENT & ACCREDITATION

The course is assessed through online knowledge checks and a final assessment completed at the end of the training. Learners must successfully complete the assessment to receive their CPD certificate, accredited by UK Versity and The CPD Certification Service. The assessment is completed online and designed to test understanding of workplace health and safety responsibilities, hazard awareness and safe working practices. On successful completion you receive a certificate you can verify at staffcpd.com/verify-your-certificate.
