COURSE OVERVIEW

This CPD-certified course gives workplace first aiders, managers and all staff who hold a duty of care the confidence and knowledge to respond effectively in an emergency. Covering everything from DRABC and CPR principles to managing burns, bleeding, seizures and anaphylaxis — it aligns with Resuscitation Council UK guidance and the Health and Safety (First Aid) Regulations 1981.

Learners work through six structured modules at their own pace and complete a 25-question knowledge check (80% pass required) to earn their digital CPD certificate.

LEARNING OUTCOMES

- Understand the legal duties of a workplace first aider under the Health & Safety (First Aid) Regulations 1981
- Manage an unconscious or at-risk casualty using DRABC and the recovery position
- Respond appropriately to breathing difficulties, cardiac events, seizures and anaphylaxis
- Control bleeding, treat shock, burns and minor injuries following HSE best practice
