COURSE OVERVIEW

The ATHE Level 3 Award in Introduction to Computer Programming is a 10-credit, Ofqual regulated qualification for learners who want to build a practical foundation in programming — covering how languages work, OOP, and how to write a basic programme. Ideal for anyone looking to enter the tech industry, upskill in a digital role, or progress to higher-level computing qualifications. All study is online, all assessment is assignment-based, and there are no examinations.

WHAT YOU WILL LEARN

- Unit 1: Introduction to Computer Programming (10 Credits, Mandatory)
- Understand how computer programming languages are used. Understand the basics of programming languages. Explore programming languages in depth. Understand the use of Object Oriented Programming (OOP). Be able to write a basic computer programme.

ENTRY REQUIREMENTS

- Typically aged 16 and above.
- 5 or more GCSEs at grades C/4 and above, or related Level 2 subject.
- Equivalent international qualifications accepted.
- Basic English proficiency required (IELTS 5.5 or equivalent for non-native speakers).
- A smart device (PC/Mac/Tablet) with an internet connection.

CAREER AND PROGRESSION

This qualification prepares you for junior developer or programmer roles, digital and tech positions, and provides a strong base for progressing to ATHE Level 4 or Level 5 Computing qualifications or degree-level study in Computer Science or IT.

ASSESSMENT & CERTIFICATION

All units are internally assessed via assignments and externally verified by ATHE. There are no examinations in this course. This is an ATHE qualification. On successful completion your certificate is issued by ATHE through ATHE-approved centre 889.
